

**Cape Lazo Squadron
of the
Canadian Power & Sail Squadrons
Presents a**

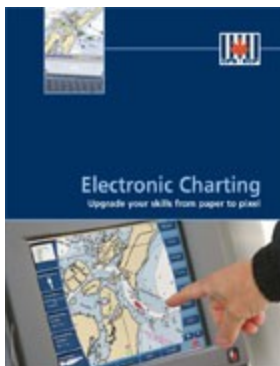

Electronic Charting Seminar

**Seminar is
covered during 4
Tuesday evenings**

**Hands on
Demonstrations**

**Connect your GPS
to a laptop**

This course takes over where Navigating with GPS leaves off, with the more advanced features of electronic charting. Learn about the different kinds of electronic charting, how they were developed, their advantages and disadvantages, and how to use them.

Get the latest information about connecting your GPS to a laptop, desktop, PDA or tablet computer, and navigational programs. You get practical knowledge by using an electronic charting program that is included on the accompanying CD with over 200 electronic charts.

Members Fee \$70 discount for couples who share material

Seminar begins: Tuesday October 11th, 7:00 PM

Mark R. Isfeld School, 1551 Lerwick Road, Courtenay

**Pre-registration is required due limited space
For Information, call Jack, (250) 339-4014 or email <jjcryderman@shaw.ca>**
